○ **SATURDAY OCT 3RD, 2020**

Thank you for attending the Virtual High Plains Society for Applied Anthropology 2020 Fall Conference.

Because we are dealing with unprecedented times, our yearly retreat to Ghost Ranch, New Mexico has been cancelled and in its place a virtual landscape has been created.

In our current venue we ask that you that you treat this event like you would any other conference. When joining the room we ask that you keep your microphone muted so that if there is a presentation in progress, they are not disturbed by your entrance. If you have a question or comment, we would ask you to use the text dialog box to submit them or wait until the end of the presentation at which point mics may be turned on. We encourage you to add to the conversation, ask questions and give comments, please do so with respect to the presenter and to the other audience members.

Because of our long standing relationship with Ghost Ranch and our love for the surrounding area, we are donating 50% of all proceeds from this event. 25% will be going to Ghost Ranch and the other 25% will be going to The Food Depot (a Northern New Mexico Food Bank).

We thank you for your participation and continued support of the HPSfAA. We ask that you continue to engage in supporting Science and the Humanities so that we can create a better understanding of the world around us.
